

Glade L. Tregaskis

Since moving to this community 24 years ago, I have been interested and involved in the schools of our valley. Education has always been an important part of our family life. As the needs for specialized training becomes ever more evident in our society the needs for an increasing awareness of education becomes more important in our homes and certainly in the administration of the school system.

I feel the need to continually upgrade the education our children receive and I point to the many positions of responsibility I have held in the community; previous member of a school board, county library board, county board of adjustment, various church positions. These responsibilities have given me the experience necessary to deal wisely with the problems of the future in education.

I earnestly seek your support.

## GLADE AND ELLEN TREGASKIS FAMILY

The Glade Lloyd Tregaskis family began on September 25, 1953, the day on which he and Ellen Loretta Brady were sealed in the Salt Lake Temple.

Glade was the second son of Lloyd Percy Tregaskis and Margaret Donna Green. He was born on July 10, 1932 in American Fork, Utah. Glade grew up and completed his elementary and secondary education in American Fork.

Ellen was born on November 7, 1934, the youngest of 6 children, to Loren Edward Brady and Phydonia Stott. Ellen was born and grew up in Pleasant Grove, Utah.

At the time of our marriage Glade was attending Brigham Young University. He graduated the following year and entered the

U.S. Air Force.

After the first three months in the air force Glade was assigned to Lowry Air Base, in Denver, Colorado, where we lived until Glade left the air force nearly two years later. Just a couple of months after we arrived in Denver, on February 10, 1955 our first daughter, Tanya, was born.

While in Denver, Glade served as group leader to the servicemen's group which met on the air base. I had the opportunity to teach a Primary class in the Denver Third Ward.

In August of 1956 Glade was discharged from the U.S.A.F. At that time we moved to Kansas City, Missouri, where Glade had been accepted at the Kansas City Western School of Dentistry.

Beginning dental school was either an act of faith or pure hardiness. We had very little money, however, we did have \$500.00 G.I. Bill entitlement. We had no prospect of any more than that. But, we went. We had saved enough for the first year's tuition and books. Even at that time, \$120.00 per month didn't go far. The following spring, Glade's grandfather passed away. It was just a few days later, when Glade's father called to tell us that Grandma T. wanted to loan us the money for Glade's dental education. What a blessing that was for us.

Our number two daughter, Lynn was born during the Kansas City years. We like to think of her as our Jackson County girl. She was born September 3, 1958.

During our stay in Kansas City we learned to appreciate the early members of the church, specifically those who came to Missouri and suffered so much for the Gospel.

While in the Kansas City Third Ward, Glade served in various Aaronic Priesthood leadership positions, as Young Men's president, and as second counselor in the bishopric. I served as Beehive leader, Sunday School secretary, Young Women's president, and Spiritual Living leader in Relief Society.

In June of 1960 Glade graduated from dental school. After visiting many small towns in Utah we decided we wanted to live in Heber, and felt that this was where the Lord wanted us. So — we moved into the Junior Jones house in the Heber Third Ward in August of 1960. Except for about 3 years we've been members of the Third Ward.

On September 18, 1960, our third daughter Jenny was born.

Our fourth daughter Lisa was born during the time we lived in the Fourth Ward, on July 6, 1963. In 1964 our home and office on 600 South were finished and we came back to the Third Ward. It was to this home, that we brought our last daughter, Molly. She was born on August 12, 1970.

Over the years we've each had many opportunities to participate wherever we've lived. Of course, these opportunities have blessed our lives and those of our children. Glade has served in various Aaronic Priesthood positions, Young Men's president, Sunday School teacher, member of stake Young Men's board and counselor in stake Young Men's presidency, member of two stake high councils, and first counselor to Bishop Douglas Merkley. I have served in several Young Women's capacities, including twice Young Women's ward president, and counselor in stake Young Women's presidency, Sunday School teacher, Primary teacher and president, Relief Society Spiritual Living leader, stake board member, first counselor in stake Relief Society presidency, and ward Relief Society president. Of course we've both served as home teacher, and visiting teacher.

Our first daughter, Tanya married Michael R. McBride on June 29, 1978 in the S.L. Temple. Lynn married Wayne B. Turner in the S.L. Temple on June 5, 1981. After serving a successful mission in the Oklahoma-Tulsa Mission, Jenny married Brad L. Holmes on July 22, 1983. They were sealed in the S.L. Temple on Nov. 21, 1984. Lisa married G. Barton Payne Jr. on May 21, 1982, in the S.L. Temple.

Editor's note: Brother Glade Tregaskis was sustained and ordained as Bishop of Heber Third Ward August 24, 1986. 423
